

## **TECHNOLOGY COMMITTEE**

**MEETING DATE:** Monday, October 5, 2009

**MEETING TIME:** 5:00 – 6:00 pm

**MEETING PLACE:** Deerfield District Conference Room

**PRESENT:** Jeff Winkler, Jim Haak, Doug Cwik, Amie Martin, Nathan Hruby, Ryan Petersen, Vicki Borger, Barb Callahan

- 1. Staff Policy Update, Internet Blocking:** The Administration is recommending a modification to the Staff Internet Usage Policy that restricts the “Staff Computers” to Staff only. This will allow fewer restrictions on the internet search capabilities for staff members. The District’s goal is to be able to add an additional computer to each classroom of the Elementary School which would improve the availability of computers to students while they are in the classroom. The computer availability is not an issue at the Middle/High School since students have access to computer labs and the IMC computers throughout certain times of the day. Our Administration is currently working on the financial details of the computer purchases and will present a summary when all the information has been gathered.
- 2. Other policies for committee to address:** All required policies have been completed and included in the Technology Plan that has been approved.
- 3. Topics for Future Meetings:** Mentioned several technology ideas that could be presented by Ryan Petersen, Aime Martin, Steve Fietz and Gerry Wichlacz. Aime Martin will present how she uses the Classroom Calendar and the Smartboard at the next meeting.

**The next meeting is scheduled for Monday, November 9th, 5:00 – 6:30pm at the Deerfield Elementary – Room 237**
