2010-2011

Aa

Lunch Information

The Deerfield food service department offers meals to all students and staff in both buildings. The district participates in the Federal National School Lunch Program regulated by the USDA. Participation in the federal program makes it possible for the district to offer meals to low-income families for free or reduced prices.

Lunch Fees

	Price Per Day	Price Per Month
Elementary School Students	\$2.00	\$40.00
Middle School Students	\$2.25	\$45.00
High School Students	\$2.25	\$45.00
Adults/Senior Citizens	\$3.00	\$60.00
Milk	\$.30/carton	

Families are encouraged to send meal payments monthly.

Morning Milk Price for K-6 students only

Semester I – \$27.00 (09/01/2010 to 12/31/2010)

Semester II \$27.00 (01/01/2011 to 06/08/2011)

Free and Reduced Lunch Information:

Applications for free or reduced lunches are in this packet or they may be picked up in either school office. You must reapply each school year for the free and reduced lunch program. If you qualified the prior year, you have two weeks from the start of school to submit your application, if we do not hear from you within those two weeks your child(ren) will need to bring a lunch from home or purchase meals at full price.

However, if you have additional questions please feel free to contact Doreen Treuden, Business Manager at 764-5431. Filled out forms can be returned to either school office.

Medical or Special Dietary Needs:

Regulations allow for substitutions of the food choices if a child is unable to consume the required foods because of medical or other special dietary needs. An example would be substituting for milk in the case of a child with lactose intolerance. Such an exception must be supported by a statement from a recognized medical authority which includes recommended substitute foods. The statement must be maintained on file in the school.

Computerized meal account system information:

The district uses a computerized meal account system. Each student in the district is automatically set-up with a meal account to accept deposits and track meal service. Middle and high school students access their account by entering their student ID number. Elementary student meals are entered into the computer from a class list as they proceed through the lunch line.

Payment by check or cash:

Deposits for meal accounts will be accepted in the school office any time during the school day. Please place payment in an envelope indicating the name of all students and the amount to deposit into each student's account if payment is for more than one student. Checks should be made payable to the Deerfield Community School District. Please note that the district will require reimbursement for any bank charges incurred for returned checks.

Internet payments:

The district offers parents the option to make meal account deposits online. Please refer to the district web-site (www.deerfield.k12.wi.us) under the "internet payments" section for instructions on setting up electronic payments. Please note that there is a fee for this payment option. Electronic meal account payments are credited to the student meal account within minutes of completing the transaction online.

The district internet payment option offers more than the ability to make a payment. Parents may register for the online payment service and have the ability to view their student's meal account balance. Registering for the internet payment service is free. There is only a fee incurred when making an electronic payment. The internet system also allows parents to receive automatic email notifications when their student's meal account balance reaches a specified amount. The system allows parents to set-up automatic payments on a regular basis or when the account balance reaches a certain level.

Ala Carte Options:

Parents may request purchasing restrictions to be applied to their student's lunch account. Please call Doreen Treuden, Business Manager for more information. Ala Carte is offered to middle and high school students only. Students with negative meal account balances will not be allowed to purchase ala carte items on their account.

Negative Balances:

With the internet payment system, parents are able to view student meal account balances online at any time. The new system will allow the district to reduce paper, printing, postage and time expenses. Parents will no longer receive low balance notification notices unless the child's account has a negative balance. To avoid continued negative meal account balances, students may be denied a hot lunch if their account balance is continually negative. Please be aware that free and reduced meal applications are accepted at any time during the school year.

Middle/High School Lunch Procedures:

Please share this information with middle/high school students.

- ❖ Students must know their student number to access their meal account. If students do not have an ID card and don't know their student number, they may be asked to go to the end of the line and wait to have their account looked up manually.
- ❖ To protect the integrity of account balances student pictures appear when the account is being accessed.
- ❖ Lost or stolen ID cards must be reported to the cashier as soon as possible.
- ❖ Ala Carte items are available for purchase as well as extra servings of meal components. Parents may request an account restriction on ala carte purchases. Please call Doreen Treuden, Business Manager for more information at 764-5431.
- ❖ **Students will not be allowed to make any ala Carte purchases if their meal account has a negative balance.**

Contact Information

Please contact the Food Service Department with any questions, comments or concerns regarding the school meal program.
