3. New Football Conference:

WIAA is recommending a reorganization of the Varsity Football conferences.

It will be voted on in January by WIAA – could go into effect 2010/11. This does not effect JV Football at all.

4. Athletic Directors Conference:

John shared information about John Underwood's presentation and asked him to come do a presentation for parents/students.

John Polzin will confirm costs and when this can be scheduled.

5. Picutres:

Pictures have come to school anonymously with students and alcohol.

Review code for next year. Add language on how the committee will deal with photos of students we receive that also have alcohol. If we receive anonymous photos, there is only so far the administration can act on that information is no one comes forward with more information.
