

Facility Committee Meeting Notes

Monday, October 4, 2010 5:30pm

- **Middle School Review Project – Scope and Schedule**
 - Discussed options for proceeding with a review of the current Middle School space and how might be modified/updated to provide an improved environment for students and staff.
 - Pete Vogel offered some guidelines on how to provide guidance to our engineering firm so that the outcome meets the space and financial goals.
 - Finance Committee will recommend to the School Board to allocate \$5,000 to have the project completed. Schedule to be determined after Excel Engineering has had a chance to review the project.
- **Office and Food Line #2 Tour**
 - Walked through the Middle School/High School Office Area so everyone had the opportunity to see the finished product.
 - Walked through the Food Line #2 – Doreen explained that the design has improved the traffic flow during lunch time.
