

# **Facility Committee Meeting Notes**

## **Thursday, January 7, 6:00 pm**

**Attendees: John Polzin, Rory Meyer, Matt Polzin, Jeff Smrecek, Doreen Treuden, Tom Bush, Jim Haak, Jeff Winkler**

### **1. Coaches Review of Previous Season:**

Rory Meyer, Volleyball Coach – Nice improvements with the new nets that are lighter and easier to install and take down. Permanent lines on the new large gymnasium floor are very helpful for Volleyball. Concerned about current and future solutions for equipment storage.

Matt Polzin, Cross-Country and Track Coach – Nice improvements made to track complex. Future needs would be updated pole vault and high jump mats. Track uniforms will be updated from activity money.

Jeff Smrecek, Representing Baseball– Homerun fence needs to be reviewed for any safety concerns. Weeds in warning track are an issue – this is being addressed by the grounds people. Watering the field would offer a softer and possibly safer playing surface. Lack of storage at the field for baseball equipment. New dugouts would modernize the field and also offer an opportunity to add storage space. Addition of lights would allow games to be played later in the day.

John Polzin, Representing Softball – Addition of lights would allow games to be played later in the day. Watering the field would offer a softer and possibly safer playing surface. The need of an additional “practice/JV” field.

**ITEMS FOR NEXT MEETING:** HVAC System review and discussion. Safe & Secure Entrance review and discussion.
