STUDENT CONDUCT

Our school district wants to ensure that our schools are safe, courteous places where children and adults live in a positive supportive environment. To this end, we have heightened our attention on the matter of “good discipline”.

The Deerfield School District Board of Education has taken a very firm position on the matter of proper student behavior. We have carefully reviewed our disciplinary philosophy and reaffirmed a set of behaviors that will not be accepted or tolerated in our schools. Students will not engage in behavior that disrupts classroom learning or school activities.

We need your cooperation and support in this matter of holding all students accountable for inappropriate or unacceptable behavior. We need a partnership that will help us be successful in ensuring a climate in our district where students and adults alike live in a pleasant and courteous environment. Please go over this behavior code with your child so that you can be sure they understand our expectations. Please understand that failure on the part of our students to comply with any of these behavior expectations will result in their suspension from school and a significant conference with the family before we consider granting the student readmission to his/her school program.

We want to be proud of the social climate and educational atmosphere in our school. We know that this can happen if we work together.
