

Policy Committee Meeting
March 15, 2010
5:00 PM

Members Present: Chris Page, Shelley Mack, Michelle Jensen, Mark Luetschwager

Agenda Items:

1. Discussion of Graduation Requirements:

MS Students cannot get HS credits according to state statute 118.33.

Recommend continuing to allow partial credit classes, including one credit and/or partial credit.

Discussed students retaking classes. Approved only for failed courses. Incentives and potential implications considered for drop/fail options. This language would also allow Principal discretion in offering alternative option(s).

Should taking courses at other institutions count in cumulative GPA. Considering not counting grade in our GPA. Also discussed incentives/disincentives for taking honors classes and for having a pass/fail option.

Credit determination including transfer credits with an appeal process provided. Both Waunakee and Belleville have language we are considering.

Future Action: Cleanup language for retaking classes and look at more closely at next meeting.
